

## APPENDIX A - National/Industry Certification for CATE Completers

**CATE programs reported as providing *CATE completers who left secondary education during 2012–13* with a national/industry certification at the secondary level, the type of certification earned, the number of completers who left high school with the certification, and the schools/career centers where these CATE programs were located. (Editor's Note: Summing the column for "# Completers" will yield a duplicated total if any CATE completers were reported as receiving more than one type of certification.)**
